EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Martin on December 17, 2003.

The application has been amended as follows: In claim 1, in line 7 —and substantially retaining said separated solids in said reactor or returning a substantial portion of said separated solids to said mixture—has been inserted after “membrane”.

The following is an examiner's statement of reasons for allowance: Independent claim 1 and thus dependent claims dependent therefrom now distinguish over Allen et al patent 6,428,705 (newly cited) and over Daigger et al patent of record in view of the newly added recitation “...and substantially retaining...or returning a substantial portion of said separated solids to said mixture”. Allen et al and Daigger et al teach activated sludge treatment processes where cationic polymers/coagulants may be added to the sludge just upstream of a membrane biological reactor, however wherein the solids separated by the membrane(s) are immediately drained off and disposed of.

Support for the added limitation is found in the instant Specification at page 1, line 23-page 2, line 3 and page 7, lines 19-26 coupled with language of claim 1 as originally presented.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph W. Drodge whose telephone number is 571-272-1140. The examiner can normally be reached on 8:30-5:00 Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wanda Walker can be reached on 571-272-1151. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.
